Area's Blooming Season	March	April	May	June	July	August	September				
	Light Blue	Light Blue	Green	Green	Green	Red	Red	Orange	Orange	Orange	White
	Early	E	Mid	M	Late	L	Very Late	V			

## Description:

This is a new trail that was developed by the city of Sonora on land that was purchased specifically for this purpose. There are two access points with one through the Woods Creek park area behind the ball field there and the other from a city street that is further up the hill. The trail is paved and therefore very handicapped accessible. Once you get to the top of the trail there are some really nice views of the city. There have been over 100 species of wildflowers, shrubs and trees identified so far and I'm sure that not all have been recorded yet. If you find something that is not on my survey list, then drop me an email with what should be added and where you found it.

## Trailhead Directions:

The trailhead is at the north end of the Woods Creek park ball field parking area.
